Milam Votes Down 3 Propositions

Milam County voters Saturday defeated all three propositions on the Democratic Primary ballot. Voting went:

Proposition 1 (Pari - mutual Amendment) -- For 1677; Against 2324.

Proposition 2 (Par - mutual Legislation) -- For 1778; Against 2286.

Proposition 3 (Abolishing Poll Tax) -- For 1879; Against 2149.

Milam voting agreed with state majorities concerning the pari-mutuel issues, but was in the minority on abolishment of poll tax. The State favored an amendment on the General Ballot for abolishing the poll tax.

There was the usual large gathering of cars around the Court-house Square as election returns were broadcast over a PA system.

Because there were fewer county candidates than in prior years, there was a lot less door-to-door campaigning in the Milam County area than in previous election years. There was also less voting.

But interest in the returns still was evidenced by the hundreds of cars that turned 'round the square.

103 - 103 - 103

This is rather a typical development in political interest across the nation. Seems that we are interested in the results, like disinterested viewers of a Saturday TV shoot - 'em - up.

103 - 103 - 103

While watching some of the candidates close out their campaigns last Friday night, it became apparent that a lot of campaign

Services Held For Mrs. Steele

Funeral services for Mrs. Janie Steele, 78, were held 4 p. m. Sunday from Green Funeral Home.

Mrs. Steele was born in Fayette County Nov. 5, 1883, the daughter of Augusta Doney Dueser and John Dueser. She passed away at St. Edwards Hospital Saturday morning following a brief illness. She had been a resident of Milam County for the past 50 years. She married John Steele August 30, 1908.

Survivors are three sons, William Steele of Houston, Henry Steele of Palisado, Colorado and George Steele of Burlington; four daughters, Mrs. Frances Coker and Mrs. Estelle Angell of Houston, Mrs. Gladys Sommers and Mrs. Imogene Rylander of Cameron; two brothers, John Dueser and Ernest Dueser of Cameron; one sister, Mrs. Louise Deeds of Ft. Worth; 13 grandchildren and 12 great grandchildren.

Houston Services For B. L. Ingram

B. L. (Boge) Ingram died 9 a. m. Monday in Houston. Native of Cameron he had lived in Houston for the past 40 years. He was a retired policeman for Houston Police Dept., member of Woodhaven Baptist Church, Houston Lodge 1189 AF&AM, Scottish Rite Bodies and Arbia Temple Shrine.

Services were held 2:30 p. m. Wednesday in Houston.

Survivors are his wife, Mrs. Frankie M. Ingram, Houston; one sister, Mrs. O. W. Walker, Hempstead; one brother, Wyatt Miller of Cameron and a number of nieces and nephews.

Watson, Schiller Win Milam Vote

NEW DISTRICT FELS YEZAK ON 10TH BID

A 4558 - vote Milam Democratic electorate turned out Saturday to nominate Milton Schiller new District 45 representative and Murray Watson state senator in area contests.

Mrs. Ida Johns, incumbent county treasurer, was renominated over challenger Vera Fisher Shafer in the only county - wide race.

Schiller, Cameron businessman, ended the nine - term tenure of Texas House Dean Herman Yezak, of Bremond, with a 6542 to 4606 victory in District 45 voting. Milam County polled 2734 votes for Schiller and 1621 for Yezak, the heaviest majority of the three counties in the new district.

ALL FAVOR SCHILLER

Robertson County favored Schiller 2078 to 1571, while Burleson County, added to the district this year, voted 1730 to 1414 for Schiller.

Watson polled 2382 votes to Frank McGregor's 1128 to win Milam's nomination. Watson carried McLennan County 16,367 to McGregor's 7,153 and Bell County 3910 to 3281 to sweep into the nomination. Both men had been representatives from McLennan County and sought the post vacated by incumbent Jarrard Secrest of Temple, who ran for lieutenant governor.

Mrs. Johns polled 2581 votes to defeat Mrs. Shafer who drew 1751 votes.

The only other contested races were in Commissioner Precinct 4 and Justice Precinct 1.

Incumbent R. H. McCasland won another four - year term with 553 votes over Frank Felton's 211 and C. L. Younts 150. Yount is a former commissioner.

Incumbent Justice B. G. Rice and W. E. Braden were defeated by Jess Brock, Cameron businessman. Brock drew 958 votes, Braden 357 and Rice 250.

Unopposed District and County officials drew the following votes: Grady Allen, district clerk, 4488; H. D. Maxwell, county superintendent, 4450; Don G. Humble, county judge, 4472; Wayne Wieser, county clerk, 4478; Max McClaren, Milam Democratic chairman 4498.

McClaren said the primary vote was the lightest in the past 12 years and was probably due to the limited number of county - wide races. Last year more than 5100 votes were polled.

MILTON SCHILLER

MURRAY WATSON

YARBOROUGH; CONNALLY TOP FIELD OF SIX

Milam voters gave Houston attorney Don Yarbrough the edge over John Connally in the governor's race, but voted with the majority of Texans in most other statewide contests.

In the six - man governor's field, Yarbrough polled 1564 votes and Connally drew 1284 votes to lead the field. Price Daniel drew only 674 votes to round out the top three, followed by Will Wilson with 437, Edwin Walker with 255 and Marshall Formby with 210.

State - Sen. Jarrard Secrest drew a heavy majority for lieutenant - governor with 2685 votes, trailed by James Turman with 734, Robert Baker's 396, Crawford Martin's 239 and Turman's June 2 runoff opponent, Preston Smith with 209.

CARR LEADS FIELD

Milam voting for attorney - general followed the state pattern with Waggoner Carr polling 1348 to lead, followed by Les Procter with 903, W. T. McDonald with 903, Carr's June 2 runoff opponent, Tom Rea-ley's 676, Tom James 243 and Bob Looney 176.

Milam voters did not place either June 2 runoff candidate for congressman - at - large in the runoff. Voters here favored Charles H. Stevenson, Jr., with 819 votes, followed by Manley Head with 789, Woodrow Bean with 708, Phil Willis at 526, Joe Pool with 504, Warren G. Moore with 426 and Russell Van Kuren at 204.

In two contested Texas Supreme Courts races, Countians favored incumbent Meade F. Griffin over Jesse Owens, 2408 to 1635. And incumbent Zolzie Steakley won over Willard G. Street, 2815 to 1250. Unopposed candidate James R. Nowell, candidate for Supreme Court, drew 4444 votes.

In the race for Court of Criminal Appeals, incumbent W. A. Morrison drew 3391 votes over Otis Dunagan's 920. Incumbent Railroad Commissioner Ben Ramsey defeated Keith Wheatley 3083 to 1168. William J. Murray, unopposed for his seat on the Railroad Commission, drew 4448 votes.

RUNOFF DUE

Two other state - wide races saw Milam voters favor incumbent Agriculture Commissioner John C. White 2651 over Evetts Haley, Jr. 1555 and two candidates for Associate Justice, Court of Civil Appeals, Third District. Walter R. Koch drew 1457 votes, closely followed by Thos. C. Ferguson with 1459. John C. Phillips, a June 2 runoff candidate, drew 1182 votes here.

In three other state posts, Robert S. Calvert with 4420 votes, Jesse James with 4429 and Jerry Sadler with 4443 votes were renominated here for state comptroller, state treasurer and commissioner of general land office respectively.

The only federal post on the ballot, congressman of the 11th District, held by W. R. Poage, saw 4321 votes cast for the unopposed incumbent.

Bloodmobile Due

Cameron Visit

The Bloodmobile unit from Waco will be in Cameron on Friday, May 18 for its next regularly scheduled visit to Cameron. The quota for this visit is seventy pints of blood.

Every legal resident of Milam County is entitled to receive blood anywhere in the United States and then have it replaced by the Red Cross Blood Bank in Waco. Only the cost of handling the transfusion and the necessary paper work must be paid for by the patient in the hospital.

If a Milam County resident will state to the hospital where hospitalized that he is a resident of Milam County and that the county is a participating member of the Central Texas Regional Blood Program, he will be able to get all the blood he needs free of charge.

The Bloodmobile will be stationed at the Fellowship Hall of the First Methodist Church from 12 noon until 6 p. m. on Friday, May 18. All residents of Cameron and the surrounding territory are urged to make every effort to do their part to make this undertaking a success.

DO YOU REMEMBER? -- Pictured above are 11 former Cameron residents in 1887. They participated in the B. C. Minstrel Show, for the benefit of Western Suffers. Can you name them?

Love Letter

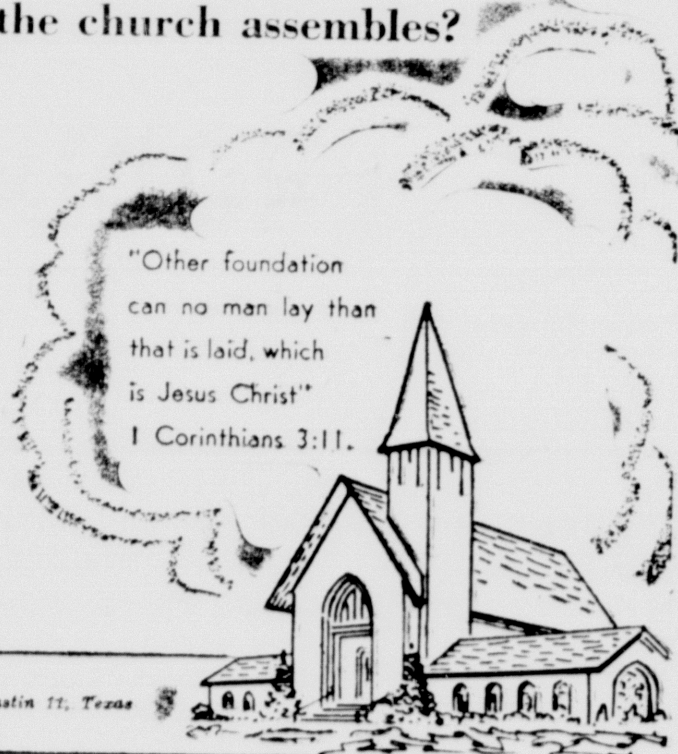

Is it the first or the fiftieth? Who knows? Do you wonder what is in it? Well, anyone who has written or received one already knows!

How eagerly love letters are both written and received!

Do you know that the Bible is God's "love letter" to you? Have you read it? Have you discovered His *avonals* of love and His *asuring* promises? Has your heart responded to the love of His heart?

Why not open God's "love letter" now, and open your heart to His love?

The church desires to help you understand more about the wonderful truth that "God is love". Why not make it a habit of being "among those present" each time the church assembles?

"Other foundation
can no man lay than
that is laid, which
is Jesus Christ"
I Corinthians 3:11.

Recent guests in the home of Mr. and Mrs. Chitford Ansell were Mr. and Mrs. O. E. Ford and daughter of Houston, Mrs. Ester Wallace and Miss Cora Aikman of Cameron.

Bryan Concern Bids On Job For New Alcoa Unit

ROCKDALE — A contract for preliminary work on Alcoa's new \$500,000 direct chill aluminum casting unit at Rockdale Works was awarded to R. B. Butler of Bryan this week.

The contract provides for excavation and construction of concrete foundations, brick paving, underground piping and a metal storage area in connection with the unit. Work is due to get underway by May 19.

The new unit, to be used in casting rolling mill ingot weighting in excess of 10,000 pounds and up to 138 inches long, will be similar to one put into production here in the summer of 1960. It is scheduled for completion by next November.

The new unit does not represent an increase in production for the smelting plant, but does further diversify present aluminum output.

The direct chill process is a method of casting whereby metal is continuously poured into a mold while water is sprayed on its side. As the aluminum is solidified, the bottom of the mold is lowered on a movable platform.

Maysfield E. Hollingsworth Is Patient In Marlin Hospital

Elbert Hollingsworth is a patient in Torbitts Hospital in Marlin. The Jess Wises and Mrs. A. L. Massengale visited him Saturday afternoon.

Miss Katie Nisbett, Miss Ino House, and Mr. and Mrs. Jerry Nabours of Salem and Rev. Calvin Beckendorf, pastor of the local Methodist Church were guests of Mrs. H. W. Massengale Sunday.

Mr. and Mrs. J. P. Wise visited his brother Collis Wise and Mrs. Wise in Yoakum Friday. Another brother, Luther Wise and wife of Seadrift met them in Yoakum for the day.

Mrs. O. J. Currie of Denton and Dallas spent several days with Mrs. E. D. Kelso last week.

Tommy Gleason and son Randy of Houston visited their grandmother Mrs. Vina White last weekend.

Mr. and Mrs. Fred Jackson left Sunday for California to visit their son Stanley Jackson and family. They were joined by two of Mr. Jackson's sisters from Kansas for the trip.

Mr. and Mrs. Donald Thweatt and children of College Station visited his parents the Gilford Thweatts during the weekend.

Youth Week - End In Rogers Church

ROGERS — The First Baptist Church of Rogers held Youth Week-End Services this past week-end, with youth holding important positions in Sunday School and the worship service Sunday morning.

The weekend program began with a "Discussion of Problems of Today" at the church Friday night with the pastor, the Rev. Clyde Lee Herring as moderator. A big picnic was staged Saturday night at the church camp on Little River at Bryan's Crossing.

Sunday morning at Sunday School Bob Green was adult superintendent and teacher of a men's class; Charlene Tharp, teacher of a ladies' class; David Wright, young adult superintendent and teacher of the men's class; Barbara Smith teacher of the young women's class; Rita Taylor, superintendent of the young people's department; Carl Foster, superintendent of the junior department; Barbara Warwick and Pam Gotcher teachers of the girls' classes;

Three Yoe Seniors Honored With Tea

Miss Mary and Miss Lois Randolph honored Yoe Seniors, Patti Hightower, La Nell Rogers and Sandra Baskin, at a tea Monday afternoon.

Receiving guests, who included all of the school faculty, were the honorees first grade teachers.

53 Votes Talled In Republican Primary Election

Milam County Republicans cast a total of 53 votes in Saturday's primary election, marking the first primary ever held by the party in the history of the county.

GOP leaders expressed themselves as well pleased at this first test of party strength since a local party organization was launched last month.

Republicans voted only for candidates for statewide office except for a write - in vote for Milam County chairman. In that race Dr. E. O. Smith, Jr. of Cameron received 27 votes to 10 for Jack W. Tumlinson, the present acting county chairman.

On the statewide level the results were:

For Governor: Jack Cox 43 and Roy Whiteburg 7. For Lieutenant Governor: O. W. Bill Hayes 44, Kellis Dibrell 7. For Attorney General: T. E. Kennerly, a write-in 14 votes. For State Railroad Commissioner: Bernold M. Hanson 50, for State Comptroller of Public Accounts: Mrs. Hargrove Smith 12, for Commissioner of General Land Office: Albert B. Fay 50, for State Treasurer: Allen B. Lacey 14 and for State Commissioner of Agriculture: Harry R. Hubbard 50 votes.

In the three way Congressional race at large contest Desmond A. Barry was high man with 18 votes. Joe B. Phillips received 15 and Giles Miller 12.

In the referendum proposals the pari - mutual horse racing proposition was defeated 37 to 14. The poll tax proposition received 26 against abolishing it to 24 for abolishing. And the Padre Island park proposal was voted down by 24 against any part to 2 for the establishment of a National seashore park and 21 for a state park.

After the close of the polls at 7 p. m., GOP members held a precinct convention in the Methodist Church Fellowship Hall in Cameron and voted on delegates to attend the May 12th county convention. They also voted to form a committee to make a study of fund raising methods for the local party.

Another resolution was approved to form a League of Republican Women Voters in Milam County. Both the out - going county chairman, Jack Tumlinson and Dr. Smith, the new GOP chairman, said they were well pleased at the start the Republican Party had made, and predicted it would make a much better showing in the general election in November.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending May 5, 1962 were 23 Strep throat, 45 measles and one gonorrhea according to Dr. T. E. Crump, acting director of the Milam County Health Department.

THREE ARTS TO MEET

Mrs. John Davis will host the final regular meeting of the Three Arts Club today (Thursday) at her home. Mrs. Davis and Mrs. A. H.

Baskin are in charge of the program which will follow a Hawaiian theme. New officers will be installed during the business meeting.

LOOK WHAT HAPPENS
when Ford
builds a pickup truck
specially for Texas

It's built in Texas, too!
This new '62 Ford Styleside
is built for Texans by Texans!

Ford engineers came to Texas... tracked down exactly what Texans need and want in a pickup... and look what happens in the '62 Ford! The wheelbase is long—114 easy riding inches (122 inches for 8-ft. bodies). The ride is smoother with more road stability. Add easy springing and extra insulation and the ride is as soft as a Texas drawl! The frame is strong. It's made to order for high crowned Texas roads and built to stand up in off road ranch work. The savings are big—because Ford's full-time economy only starts with low price! You save on gas with Ford's modern engines. Save on oil—go 4,000 miles between changes. Save on tires with Ford's true-tracking truck front suspension!

Pride Takes Work . . .

One of the problems -- and there are many -- of modern life is a general inability to take pride in the work we do.

It used to be called craftsmanship. But automation, the 35-hour week, easy credit and gilt edge premiums on security have moved us away from it.

It hits home when we observe the huge interest in the by - products of success rather success itself.

Lamenting won't help. Hard work will.

Technology has its importance in making possible the vast material advantages in the U. S. and other Western countries. But a creeping disregard for the build-up and push for a successful effort is quite real. Hard work, quality and craftsmanship have been under fire for years.

Philosophy does not move a nation or a people. But it is bedrock, fundamental good sense that something more than material leisure should help motivate us.

Instead of just pushing buttons, perhaps there should be some interest in what the buttons do when they're pushed. John Glenn evidenced this pride, as astronauts must to stay alive aloft, in knowing precisely how to manage Friendship 7 through three orbits, much by manual control. Indeed, he found automation could not do as well as human control.

With all the race for leisure, we still come to the conclusion that people are on this globe to participate and to wonder, not just to observe others pushing buttons. A little craftsmanship can mean a whole lot of pride.

Now The Smoke's Clearing

The political smoke is clearing and Texas rejected Gov. Price Daniel's bid for a runoff berth and fourth term, clearly a mandate for new faces in Austin.

The Texas House of Representatives is going a bit more conservative and the Texas Senate is tending toward the liberal viewpoint. Key in that action was the withdrawal of four conservative State Senators for the lieutenant - governor's race.

New faces from Central Texas will include Cameron's Rep. - elect Milton Schiller and as Senator, Murray Watson, victor in the contest for Jarrard Secrest's post.

Outcome of two races in June will really determine the complexion of state government, probably for years to come; governor and lieutenant governor. The middle - road approach of Gov. Daniel has apparently lost favor of the voters.

The next three weeks will see John Connally and Don Yarborough going hard at it for the runoff. Yarborough was a surprise runoff winner last Saturday over Daniel, expected to face Connally for the Democratic nomination.

It is most likely that moderate-to-conservative strength will outweigh the liberal support of Yarborough, and Connally will face Republican Jack Cox in the November General Election.

Honor Students Named At Rogers

ROGERS — The honor students of the 1962 graduating class of Rogers High School have been announced by Principal J. L. Chervinka with Johnette Mikulastic and Brian Harbour taking the top honors.

Johnette, daughter of Mr. and Mrs. John Mikulastic of Rt. 3, Temple and recipient of one of the 10 National Scholarships awarded by Rocketdyne, was chosen as valedictorian with a four - year scholastic average of 96.38. Johnette, already enrolled in Baylor University as a pre - med student, is president of the Medical Career Club of Rogers High School, and was district winner in the Science contest. She was a four years and all - district, senior year, in Who's Who three years, on the paper staff and annual staff, member of FHA, was chosen for a summer scholarship two summers by the National Science Foundation, was in the class play and various other activities.

Brian, son of Supt. and Mrs. B. F. Harbour of Rogers, has a four-year average of 95.41. He is debating at present over Baylor and Hardin Simmons University. Brian is president of the Student Council, president of his freshman, junior and senior classes; editor of the school paper two years; in class plays, lettered in football four years making all - district and captain in this year; lettered in basketball 91.98. They were all likewise active in various campus organizations.

Mr. and Mrs. J. T. Raney of Los Cruces, New Mexico, spent last week with their parents, Mr. and Mrs. N. H. Tate. Mr. and Mrs. Earl N. Tate and family of Victoria were also weekend visitors of Mr. and Mrs. Tate.

personal extension phones

HELP TEENAGERS BECOME MORE GROWN-UP

A phone "for their very own," in their room, gives them a sense of privacy and responsibility. Allows more freedom to express themselves and their ideas. Helps them with school, church and club activities. But mostly, it gives them the fun of talking with their special friends. Costs so little most youngsters could pay for it with their own money!

Who needs extension phone service most?

Families that make or receive five or more calls a day.

Families with one or more members active in school, church, civic or club work.

Families with active, popular teenagers or young adults.

If any of these conditions fit your family, the chances are you need extension phone service.

To order your personal extension phones—Princess, wall or table models, in a wide range of colors—call the telephone business office, or ask any telephone service man.

SOUTHWESTERN BELL

Call by number... it's twice as fast

Debt In State Fund Goes Down

By Vern Sanford

AUSTIN — Annual payments of corporation franchise taxes helped knock down the enormous deficit in the state's General Revenue Fund in just 12 days.

On April 24, State Treasurer Jesse James reported a deficit of \$30,341,945. Twelve days later, the overdraft was down to \$28,053,885.

James noted that the deficit was markedly lower than the \$98,000,000 peak reached a little more than a month ago. But he did not state when the next big payment will be made out of the revenue fund which might make the deficiency soar again.

However, State Comptroller Robert S. Calvert said the state will send more than \$34,000,000 to public schools early in the summer.

STATE WINS ESCHEAT SUIT

Texas' General Revenue Fund will reap \$3,665 as a result of the state winning its first judgment under the new escheat law.

Although the judgment by the 53rd District Court at Travis County was for \$103,665, the State General Revenue Fund benefits by only \$3,665. Reason is that the first \$50,000 escheated must be kept in the treasury in case owners are located. Another \$50,000 annually must be allocated to pay for the cost of administering the program.

Funds were placed in the treasury under an old law which had no provision for disposition. But the escheat law passed in 1961 paved the way for use of the money.

Attorney General Will Wilson immediately started seeking more escheat money. He asked the U. S. Supreme Court to determine whether Texas, Pennsylvania or New Jersey has the right to escheat \$37,853 that Sun Oil Company owes to more than 1,800 people whose whereabouts are unknown.

Texas claims the money because the transactions were made here. New Jersey filed suit because Sun Oil was chartered there. Pennsylvania wants to attach it because the company headquarters in that state.

IMPORTED STEEL TO BE BANNED

District Judge Herman Jones of Austin has given notice to both sides of the case of the Texas Association of Steel Importers, Inc. versus the State Highway Department that he will uphold the Highway Commissioner's authority to order a ban against imported steel in constructing state highways.

Steel importers challenged this authority when they brought suit in January. A five - day trial in March ended in a hung jury.

Highway Commissioner Herb Petry Jr. testified that some imported steel was found to be "inferior," and stated that it wasn't "worth the risk."

Judge Jones concluded that the importers had failed to show the invalidity of the highway department's order. He is expected to enter judgment for the state next week.

COMMISSION ADOPTS TEACHER SERVICE

Texas Employment Commission has undertaken a new statewide program to answer the problem of placing teachers for the state's 2,500,000 school children.

TEC Administrator R. L. Coffman announced that the commission will run a placement service as a clearing house for applications from teachers. Also they will list vacancies.

New plan is expected to afford teachers a wider selection of teaching opportunities and provide school administrators with a choice of instructors from all over the state.

Local offices of the employment commission are stocking application forms, which also may be secured from the Austin office.

THE OLD PHILOSOPHER

Philosopher Tells How He Gets Ideas For All Those Letters To The Herald

Dear editor:

A man came up to me the other day and said, "Say, where do you get your ideas for writing all these letters to The Cameron Herald?"

Well, for one thing, you've got to think. Say you come out of your house on a bright sunny morning and see a hoe leaning against a shed and weeds in your crops. This makes a man think and since anybody knows it's impossible to swing a hoe and write a letter at the same time, I put first things first and leave the hoe alone. Anybody ought to know a lack of thinking has done the world more harm than a lack of weed chopping, and I don't want anybody accusing me of falling down on my job.

The trouble with too many people is that they don't see things large enough. This is an inter-continental guided missile age we're living in, and a man can't afford to get too limited in his concern, he's got to widen his horizons.

For instance, with the United States' national debt approaching 300 billion dollars, a man has to be mighty limited in his outlook to be spending any time worrying about the \$100 note he owes at the bank. It seems wasteful to me to be worrying over a hundred dollars when for the same amount of effort you can be worrying over three hundred billion.

When the roof of the world may be about to cave in, it seems to me I'd be derelict in my duties if I was up on top of my nose patching mine.

With the wall in Berlin causing so much trouble, it seems sort of unstatesmanlike for me to be out fixing my fence. Why risk offending world opinion?

I know everybody is supposed to get ahead in life, but if somebody didn't get ahead, how could anybody get ahead? Weeds ought to be chopped all right, but a man should reserve some time for thinking, after he has provided his family with the four basic necessities for life: food, clothing, shelter and television.

Yours faithfully,
J. A.

St. Monicas Society

Holds Meet Tuesday

The St. Monicas Ladies and Christian Mothers Society held its regular monthly meeting Tuesday May 1 at Simon - George Hall. Rev. John Geiser opened the meeting with a prayer.

Reports were heard from chairmen of CCD, Rural Life, Welfare and Spiritual Life Committees. A report was also given by the Gold Bond Stamp Project Chairman. Mrs. Frankie Ehler, delegate to the recent convention of the Austin DCCC in College Station, gave a report on the convention. Mrs. Louis Hollas, president of St. Monicas Ladies & Christian Mothers Society was elected Diocesan secretary.

The society voted to donate a book to the Cameron Public Library.

It was announced that the annual ladies retreat will be held in Austin on June 8, 9 and 10. It was decided to pay expenses to the retreat for one member of the society.

The June, July and August meetings will be held at 8 p. m.

The meeting was closed with a prayer.

Cameronites To Attend Synod

AUSTIN —The Rev. Eugene Strickland and a Ruling Elder of the First Presbyterian Church in Cameron will attend the annual Synod of Texas meeting May 22-24 at the First Presbyterian Church, Midland.

A Court of the Presbyterian Church, U.S., the Synod is composed of all the Presbyterian Churches U. S. within a geographical area that includes 410 churches in Texas and four counties in New Mexico.

A reorganization plan for the Synod will be a major item for discussion and decision. Suggesting a complete revision of the structure of committees, Synod meetings and staff, the new plan works toward a coordination of program and staff.

Synod's Lecturer this year will be James Hastings Nichols of the University of Chicago Divinity School. His first lecture on Reformed Worship will be at 8:30 a. m. Wednesday (May 23). The second lecture will be at 7:30 p. m. Wednesday.

Nichols is now professor at the University of Chicago Divinity School. He will become professor of church history at Princeton Theological Seminary in July, 1962. He received his doctorate at Yale in 1941.

News About Milam Farmers, Their Interests, And Activities

Management Plan

Proves Interesting

To Texas Farmers

COLLEGE STATION — A series of farm management meetings held recently in several Gulf Coast counties by the Texas Agricultural Extension Service emphasizes the interest of Texas farmers in this subject. Alfred Byrd, extension farm management specialist for the Gulf Coast area, says attendance was excellent and most of those attending were highly interested in improving their knowledge of the subject.

A questionnaire was given to the farmers attending the meeting and approximately two-thirds returned it. Of those answering, 96 percent indicated a desire for more meetings on the subject of management. The same number indicated an interest in attending a basic farm management course. Byrd reports that one county is already making plans for a series of management meetings to meet the local needs.

The reaction of those who attended the meetings is in line with what more and more farmers are beginning to realize. Technical know-how is essential but today's farmer must also have a sound knowledge of management principles and practice if he is to successfully compete with other agricultural producers in his area, or on a state or national basis, concludes Byrd.

Milam ASCS

Report

By Milam County ASCS

Measurement and checking of adjusted acreages on Milam County's 214 wheat farms has been completed. May 1st was the final day for destroying excess wheat and wheat growing on diverted acreage.

Any wheat not reported as destroyed prior to that date will be classified as wheat for grain. Also, if a Wheat Stabilization Program participant has designated excess diverted acreage, he may reclaim the excess at any time; but he must do so prior to the use of such land for any other purpose. This can be done only by calling at the County ASCS office to request the release. If any farmer does not understand the notice of his determined acreage which he has received, he should call at the county office for an explanation of his status.

Due to the favorable weather, most crops have been planted in the county. This will permit ASCS personnel to begin performance work two to three weeks earlier than last year. Measurement of cotton, peanut, and feed grain farm should get underway about the middle of May, according to Alva E. Sanders, Milam County Office Manager.

Wheat Stabilization and Feed Grain Program participants are reminded that any land they intend to designate, or have already designated as diverted, cannot be grazed after May 1st. No crops may be harvested off that acreage for the entire 1962 year. This includes hay. Also for land to be eligible, it must have been cultivated in one of the three years, 1959, 1960 or 1961. Turn rows and rows are not eligible for diversion. A change from last year's regulations has just been received in the county office. This year strips of four rows or more in skip-row planting patterns will qualify as diverted acreage if otherwise eligible. This will greatly benefit farmers planting crops in skip-row patterns.

In a recent statement, the County Office Manager of the Milam County Agricultural Stabilization and Conservation Service emphasized that NOT ALL turkey growers or handlers in the county will be directly affected by the June referendum on a turkey-marketing adjustment plan. The referendum was recently announced by Secretary of Agriculture Orville L. Freeman.

This referendum will be nationwide, and it is scheduled for the period June 18 through June 22. Ballots will be cast at the ASCS county offices. Those turkey growers, according to Alva E. Sanders, who are not directly affected by this announcement, are those producers who have marketed not more than 36 hundred pounds of live turkeys in 1961.

Profits Depend On Resource Used

COLLEGE STATION — Many Texas farmers and ranchers are asking how they can make more profit. Cecil Parker, extension farm management specialist, points out that before a profit can be made, something must be produced. This production requires land, labor, capital and management.

Since any one producer has a fixed supply of one or more of these resources, the amount he can produce over a short period of time is limited. Over a longer period, however, the supply of resources may be increased, thus increasing potential crop and livestock production.

Profits now and in the future depend on how well the producer uses his available resources, says Parker. Maximum utilization of resources requires careful study and analysis and thus a complete inventory of each resource.

An inventory of all the land you control is a good place to start, says Parker. A knowledge of the various types, capabilities and acreages of each is necessary in planning cropping systems. Make and keep a yearly plan for each field showing rotation, crops grown, fertilizer used, cultural practices and yields. This will be very valuable.

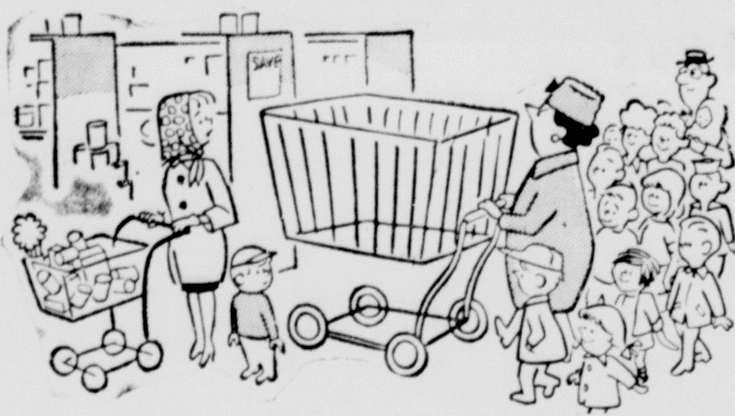

It is also important to study your labor requirements for the year's operation. Know the capabilities of both family and hired labor. Once labor is committed to the farming operation for a year the cost will remain the same whether it is used to the best advantage or not.

Make an inventory of available money to carry out this year's operation and consider the need for capital investment, suggests Parker. It is important to study carefully your capital needs and plan how to use available capital to the best advantage.

What is the condition of your machinery and equipment? Are you building facilities adequate? Inventory all these items and evaluate them for optimum use, advises the specialist.

Also exempt from the referendum, and from certain provisions of the order, if it is approved, are those defined as "producer - handlers" who, in their own facilities, handle not more than 100 thousand pounds of live turkeys per year and who do not buy or sell more than 5 thousand pounds of live turkeys per year.

Unless all of the order's qualifications for a producer - handler are met, those engaged in producing and slaughtering their own turkeys are producer - growers and eligible to vote if they marketed more than 3,600 pounds (liveweight) of turkeys in 1961. The Milam County officials said that all information concerning the proposed turkey marketing order is available at the ASCS county office.

Mrs. Caffey Hosts

Tracy HD Meeting

Mrs. Lenza Caffey was hostess at the Tracy - Duncan HD club at her home Wednesday afternoon.

The roll call was answered by members giving tips on packing for traveling.

Mrs. Ralph Caffey gave the county council report.

It was decided that the members enter in the pie contest at the Frontier Days in Rockdale May 14, 15, and 16.

Seven members will attend a dinner, sponsored by the New Salem Club at the Woodman Hall in Rockdale, May 8.

Mrs. Otis Charles gave the program "Recreation Kit of material for the club."

Refreshments were served to seven members and two visitors.

Feeders		
40 to 125 lbs.	12.00	

County Agents Notes

By J. D. Moore
Milam County Agent

Some have asked if it is time to spray pecans. Applications of Zineb for scab control should be made now. In fact, two spray applications should be made prior to the worm spray.

It is not time to spray for the nut casebearer. This worm usually occurs in this area around May 18 - 24. Growers should make plans for getting the worm spray on without delay when the time for spraying arrives. The nut casebearer is not extremely difficult to control. Correct timing of the application is important. The county agent or experienced grower can help with proper timing of the spray.

COTTON

The cotton crop is off to a good start. Farmers should make vigorous use of the Rotary Hoe in combatting seedling grass and weeds. Use of this machine helps to flatten out the rows for use of the oiling shoes for additional grass and weed control.

A poison application now will protect the young plants and help assure a well balanced plant with properly developed fruiting limbs necessary for good early crop setting during early June.

SWINE NEWS

Farrowing time is harvest time for the swine producer. The number of pigs saved per litter can determine whether or not the swine enterprise will make or lose money, points out Fred Hale, swine husbandman for the Texas Agricultural Experiment Station.

E I & E

By E. K. Shaw
Extension Agent

TWO COMMUNITIES SLATED FOR DISTRICT

The Davilla and Gause Communities have been selected for District judging on the basis of their recently submitted record books.

These two communities were selected over 42 other communities improvement Program in the Southern Extension District.

The judging will be based upon accomplishments in Increasing and Managing Family Income, Improving Health Conditions and Services, Improving the Farm and Home and Encouraging Social Participation.

IMPROVEMENTS IN DAVILLA COMMUNITY

Family and community improvements in the Davilla community include - development of a community - wide vegetable garden, 4-H swine projects, bed room improvements and vegetable production by the K. T. Williams family.

Also purchase of used tractor and equipment for garden culture; refrigerator, sewing machine and two cabinets, by the Roberts family; house painting and cattle improvements on the Melvin Lemmon farm; purchase of poultry and improved swine at the James Kerr home; T. V. set, home peach orchard, 4-H swine and home canning on the David Willis farm.

ACCOMPLISHMENTS IN GAUSE COMMUNITY

In the Gause community new homes were built by O. Z. Owens, L. B. Wrights and John Snelgro families. Cyclone fences installed by Mrs. Elmore Smoots, and W. M. Gray. Recommended methods of production of field and vegetable crops followed by Sam Thompson, John Snelgro, Joe Gates, and John Result demonstrations in orchard reduction conducted by D. S. Smith Sr., W. L. Moore and L. L. Lawson, along with a number of Coastal Bermuda grass demonstrations.

Churches, cemeteries, and community centers have been improved in both communities, and all participating families have made improvements in various areas as shown on their family report forms.

According to their records the participating families have made family living, improved family money management practices and making the communities as a whole a better and more wholesome place in which to live.

By Pat C. Garner Ass't Milam County Agent

The Grand Champion Gilt, Grand Champion Dairy Female and Reserve Champion Beef Heifer were exhibited by the Milam County 4-H members at the Rockdale livestock Show, Saturday.

Henry Abel, Jr., of the Sharp 4-H Club exhibited the Grand Champion gilt of the show. Henry, also had the first place heavy weight barrow and first and second place gilts in the heavy class, and third and fourth place gilts in the light weight class.

Judy Parmelee, a Rockdale 4-H Club member, had second place gilt in the light weight class. In the Dairy Division, Eugene Rek of the Milano Community 4-H Club,

had the Grand Champion Dairy Female.

Michael Rek of Milano had a second place in the Dairy Division. Michael is a member of the Milam County 4-H Club also.

In the Beef Division, Penny Graves had the Reserve Champion Beef Heifer over all breeds. Penny is a member of the Sharp Community 4-H Club.

Allen Turner, Thorndale Community 4-H Club member, had the first place entry in the Brahman Class and third place entry in the Brangus Class.

PM Mr. and Mrs. Will Biskup and sister, Miss Annie Ondrej visited relatives in Houston over the week-

Thank You!

Simply is not strong enough to express my true gratitude to all of you wonderful People.

So, may I say "Thank You" 1,000 or more times right here for the hard work, encouragement and tireless campaigning you have contributed to this, our greatest of all victories.

Particularly gratifying to me was the heart-warming margin of victory, 739 Votes to 356 the citizens of Cameron gave Murray Watson on May 5th.

As your public servant, I will be mindful of the confidence you have placed in me.

I will continue to endeavor to serve all of you all of the time to the very best of my ability.

SINCERELY,

MURRAY WATSON

Maintain Egg Quality For Top Profits

COLLEGE STATION — Profit, service, customer satisfaction and good marketing management are four important objectives for poultrymen, retailers and other handlers of eggs. This is particularly true if their business is to be successful, points out F. Z. Beanblossom, extension poultry marketing specialist. These people must be alert at all times for handling practices which will maintain the high quality that eggs have when laid.

Eggs are a perishable food item, thus heat is one of the most important factors affecting egg quality. This becomes especially important at this time of the year when the temperature is above 80 degrees almost every day. Careful attention must be given to the conditions under which eggs are kept if quality is to be maintained and consumers are to receive satisfaction, says Beanblossom.

Time elapsed from laying to use is another important factor in quality maintenance. Heat and time are sometimes referred to as the most important enemies of egg quality.

If poultrymen who produce and sell eggs on the basis of grade do the things that are necessary to maintain quality, then it becomes equally important that wholesalers and retail distributors keep eggs cool, handle them carefully and package them in clean well-constructed containers.

If eggs are produced by hens bred for high quality egg production, and if eggs have been properly handled to maintain this quality, the poultryman should sell 90 to 93 per cent AA or A quality, points out the specialist.

Market value and net profits will vary according to the percent of the different grades of eggs produced. This is true regardless of the price received, number of hens or rate of production. The producer who sells only 75 per cent A quality will receive much less for his eggs than will the producer who sells 90 percent or more A quality.

If you are interested in more detailed information on how to increase your profits, render greater service, give complete satisfaction and have good market management practices, Beanblossom suggests you contact your local county agent.

COTTON REPORT

Rains improved cotton crop prospects. Spot market activity remained limited. Shipper demand was selective. Domestic mill interest increased. Foreign demand made good progress. Fairly general rains covered most of the Area this week. Thunder storms spotted rains up to three and four inches. Small streams overflowed in some localities and some replanting will be necessary. In the Valley the rains were sorely needed in the dryland sections. The crop was making generally good progress but in all stages of growth. Crop prospects in the Corpus Christi area continued to be spotted. Moisture is adequate to excessive in the upper coastal counties and some fields are becoming very weedy. Some rain fell in East Texas, where planting is well advanced. Fields are coming up to a good stand. Some replanting will be necessary. Planting is moving forward in Central West Texas while in the Lubbock area private estimates indicated 50 percent of the irrigated and 10 percent of the dryland crop were planted. Scattered fields were planted in the southern counties of Oklahoma. Shortages of good planting seed were beginning to develop in some places.

Prices for Middling 1" cotton were quoted Thursday, May 3, at 33.50 cents in Dallas and Galveston, 33.25 cents in Houston and 33.00 cents in Lubbock.
